# Copy Certification

Statement on AI

AI-powered assistance tools (like ChatGPT, Copilot, Gemini, and others) are powerful and valuable tools. We believe there is a place for them in helping you generate ideas, but your ultimate submission should be your own. As with all other sources, you should not copy and paste content you did not create directly into your application. Instead, if you choose to utilize AI-based assistance while working on your writing submissions for Georgia Tech, we encourage you to take the same approach you would when collaborating with people. Use it to brainstorm, edit, and refine your ideas. We think AI could be a helpful collaborator, particularly when you do not have access to other assistance to help you complete your application. We believe that this approach aligns with the Rules and Regulations of Georgia Tech's Academic Honor Code.

Certification of Authenticity

I certify that the information I provide in this application is true, complete, and my own. I understand that omission, misrepresentation, or anything not directly written by me and lacking proper citation may result in the automatic rejection of my application to the Georgia Institute of Technology. I further understand that the submission of fraudulent documents—including but not limited to academic documents, test scores, or government-issued identification—will result in the immediate denial of my application and a permanent bar from applying to Georgia Tech in the future. If admitted, I agree to abide by the Rules and Regulations of the Academic Honor Code.

### DEGREE INFORMATION

| | |
|---|---|
| Degree: | Bachelor of Science |
| Status: | Awarded |
| Confer Date: | 02/01/2022 |
| Degree GPA: | 3.334 |
| Degree Honors: | Cum Laude |
| Major: | Computer Science With Distinction |

| | |
|---|---|
| Degree: | Master of Science |
| Status: | Awarded |
| Confer Date: | 02/01/2024 |
| Degree GPA: | 3.666 |
| Major: | Computer Science and Engineering |

### Beginning of GRADUATE Record

#### Spr 2022

Program: Engnr & Appl Sci Masters
Plan: Computer Science and Engineering

| Course | | Description | Attempted | Earned | Grade | Points |
|---|---|---|---|---|---|---|
| CSE | 562LEC | Database Systems | 3.000 | 3.000 | B | 9.000 |
| CSE | 565LEC | Computer Security | 3.000 | 3.000 | C+ | 6.990 |

# State University of New York at Buffalo

*Upon the recommendation of the faculty of the State University of New York at Buffalo, the Trustees of the State University of New York have conferred on*

## Hon Ching Li

*the degree of*

## Bachelor of Science
### Computer Science
**Cum Laude**

*with all the rights, privileges, honors, and responsibilities thereto appertaining, and as evidence thereof have granted this diploma in Buffalo, New York on the first day of February, in the year two thousand and twenty-two.*

*Chairman of the Board of Trustees of the State University of New York*

*Interim Chancellor, State University of New York*

*Chairman of the Council of the State University of New York at Buffalo*

*President of the State University of New York at Buffalo*

UNIVERSITY AT BUFFALO · THE STATE UNIVERSITY OF NEW YORK · 1846

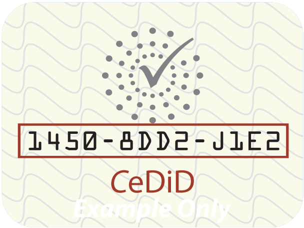
Secure Credential Validation

CeCredential TRUST

The market leader in the generation of secure, portable digital credentials.

## To validate this credential:

Locate and note the CeDiD located in the upper left hand corner of the credential (page 1). The CeDiD is a unique identifier and is required for validation. Enter the CeDiD, using the link below to visit the institution's official validation website. Validation includes complete degree information that is time and date stamped by the issuing authority.



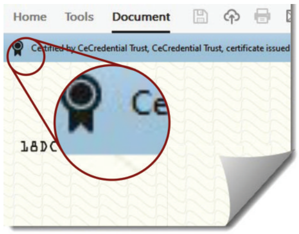
For more information on CeCredential Trust, click [here](here).

Validate Now

or visit [https://registrar.buffalo.edu/diploma/credential-validation.php](https://registrar.buffalo.edu/diploma/credential-validation.php)

## To verify the digital signature:

This credential is certified by CeCredential Trust and should read as such. The ribbon signifies that both pages of this document have not been modified since issued. Do not trust this document if any other symbol is displayed.



**Valid and certified**
Authenticity and integrity are verified

## DEGREE INFORMATION

| | |
|---|---|
| Degree: | Bachelor of Science |
| Status: | Awarded |
| Confer Date: | 02/01/2022 |
| Degree GPA: | 3.334 |
| Degree Honors: | Cum Laude |
| Major: | Computer Science With Distinction |

| | |
|---|---|
| Degree: | Master of Science |
| Status: | Awarded |
| Confer Date: | 02/01/2024 |
| Degree GPA: | 3.666 |
| Major: | Computer Science and Engineering |

## Beginning of GRADUATE Record

### Spr 2022

Program: Engnr & Appl Sci Masters
Plan: Computer Science and Engineering

| Course | | Description | Attempted | Earned | Grade | Points |
|---|---|---|---|---|---|---|
| CSE | 562LEC | Database Systems | 3.000 | 3.000 | B | 9.000 |
| CSE | 565LEC | Computer Security | 3.000 | 3.000 | C+ | 6.990 |
| CSE | 676LEC | Deep Learning | 3.000 | 3.000 | C+ | 6.990 |

| | | | Attempted | Earned | GPA Units | Points |
|---|---|---|---|---|---|---|
| Term GPA | 2.553 | Term Totals | 9.000 | 9.000 | 9.000 | 22.980 |
| Cum GPA | 2.553 | Cum Totals | 9.000 | 9.000 | 9.000 | 22.980 |

### Sumr 2022

Program: Engnr & Appl Sci Masters
Plan: Computer Science and Engineering

| Course | | Description | Attempted | Earned | Grade | Points |
|---|---|---|---|---|---|---|
| CSE | 590LEC | Computer Architecture | 3.000 | 3.000 | A | 12.000 |

| | | | Attempted | Earned | GPA Units | Points |

# Li, Hon

646-589-2769 | honspaceching@gmail.com | linkedin.com/in/hon-ching-li-a5b879130
U.S. Citizen | Active DoD Secret Clearance

## EDUCATION

**University at Buffalo, State University of New York** 02/2022 – 02/2024
*Master of Science in Computer Science* Buffalo, NY

**University at Buffalo, State University of New York** 08/2018 – 02/2022
*Bachelor of Science in Computer Science* Buffalo, NY

## CERTIFICATIONS / CLEARANCE

CompTIA Security+ CE Certification (**SEC+**) 2026
U.S. DoD Security Clearance: **Secret** Active

## TECHNICAL SKILLS

**Languages:** Java, Python, JavaScript/TypeScript, SQL, C++
**Frameworks/Platforms:** Spring Boot, Node.js, React, React Native, Flask, AWS, Docker
**Core/Tools:** REST APIs, Object-Oriented Programming, Microservices, Troubleshooting, Technical Documentation, Agile/Scrum, Git, Postman, Linux

## EXPERIENCE

**First Quality Pharmacy, Inc.** 02/2025 – Present
*Co-Founder & Systems Lead*

- Set up a **router-managed local area network** and integrated **payment and printing workflows** to support reliable daily transaction processing and on-site business operations.
- Built an internal **Web + Database income/expense tracking system** to structure business records, reduce scattered manual tracking, and improve visibility into financial activity.
- Translated small-business operational needs into **practical technical infrastructure**, combining local networking, connected devices, payment workflows, and data tracking into repeatable operating systems.

**United States Army** 06/2025 – Present
*Army Reserve Soldier, 25H Network Communication Systems Specialist*

- Operate and maintain **radio/transport and communication network systems** supporting voice and data services, including equipment setup, connectivity verification, and service continuity.
- Apply **routing and switching fundamentals**, IP addressing concepts, and structured troubleshooting methods to assist with network changes, fault isolation, and service restoration.
- Use **technical manuals**, signal-flow diagrams, and diagnostic procedures to identify issues, isolate faults, and restore communications availability.

## PROJECTS

**Pixel Art Converter (iOS)** | *React Native, Node.js, Spring Boot, AWS, Docker*

- Developed and launched a production iOS application that converts user-submitted images into pixel art, driving **2,000+ downloads** on the App Store. App Store: https://apps.apple.com/us/app/pixel-art-converter/id6742040975
- Containerized the **Node.js** image-processing API and **Spring Boot** authentication service with **Docker** and deployed them on **AWS ECS**, improving portability, deployment consistency, and production reliability.
- Implemented **JWT** authentication and premium-access validation across client and backend workflows, improving application reliability and enabling secure, stable end-to-end access control for paid features.

**AI-Based Emotion Detection Web Application** | *Python, Flask, REST API, unittest, pylint*

- Built a **Python backend service** that integrated with a **Watson NLP API** to analyze text input and return structured emotion scores with dominant emotion classification.
- Implemented **JSON parsing** and transformation logic to extract emotion scores from **nested API responses** and standardize backend output.
- Exposed the service through **Flask routes**, implemented **invalid-input handling** to prevent runtime failures, and achieved **10/10 pylint compliance** under **PEP 8** guidelines.

# Online Master of Science in Analytics

| | |
|---|---|
| **Form Title** | Online Master of Science in Analytics |
| **How did you learn about Georgia Tech's Online Master of Science in Analytics program?** | Colleague/friend/family |
| **Indicate your choice of track specialization within the MS Analytics degree. This is for our planning only; you can switch tracks at any time.** | Computational Data Analytics |
| **How many courses do you tentatively plan to take each semester?** | 1-2 (standard part-time) |
| **Educational Background** | |
| **Undergraduate major(s)** | Computer Science |
| **Graduate degree(s), if any** | Computer Science |
| **Work Information** | |
| **Work Industry** | Software |
| **Years of full-time work experience (not internships)** | 1 |
| **Current employer (if any)** | First Quality Pharmacy, Inc. |
| **Current job title (if any)** | Co-Founder |
| **What is your most relevant work experience? (Employer, type of industry, position title, dates of employment, responsibilities)** | First Quality Pharmacy Inc, healthcare/pharmacy operations, Co-Founder, February 2025 – Present.<br>I set up and maintain local networking, payment, printing, and connected-device workflows to support daily pharmacy operations. I also built an internal web and database income/expense tracking system to organize financial records, reduce manual tracking. |
| **Programming Languages** | |
| **Programming Language** | Java |
| **Experience level** | Expert |
| **Programming Language2** | Python |
| **Experience level2** | Expert |
| **Programming Language3** | TypeScript, JavaScript |
| **Experience level3** | Expert |
| **Programming Language4** | R |
| **Experience level4** | Intermediate |
| **Programming Language5** | C++ |
| **Experience level5** | Intermediate |
| **Course comfort levels** | |
| **Differential calculus, basic integral calculus, infinite series** | Comfortable with this material |
| **Linear algebra and matrix operations** | Comfortable with this material |

Copy

# Online Master of Science in Analytics

| | |
|---|---|
| **Conditional probability, expected values and covariance** | Comfortable with this material |
| **Statistical hypothesis testing, interval estimation and maximum likelihood estimation** | Comfortable with this material |
| **Computer programming** | Comfortable with this material |
| **Have you taken one or more of gtX MicroMasters courses CSE 6040x ISYE 6501x or MGT 6203x on the Verified track that you would like us to review as part of your application?** | No |
| **Briefly describe your eventual career objective (e.g., Principal Consultant, Chief Analytics Officer, etc.).** | My eventual career goals is to become an quantitative analyst professional in the financial technology. |

## Essay Questions

| | |
|---|---|
| **, such as employment gaps, low grades, letters of recommendation that are not from a recent supervisor, unusual work experience or career paths, and additional challenges you would like the admissions team to know.If applicable, explain discrepancies or we** | My undergraduate record includes a weak start during my first year, when I initially entered the university as an Architecture major. During that period, I was still adjusting to college-level coursework and realized that Architecture is no the right academic direction for my strengths or long-term goals. As result, my first-semester GGPA was significantly lower than my later academic performance.<br><br>After transfering toward Engineering and Computer Science, my academic performance improved substantially. I earned strong grades in technical and quantitative courses such as Computer Science courses, Calculus 1, Calculus 2, Probability, Data Structures, and other data and programming-related coursework. This improvement reflected a clearer academic direction, stronger motivation, and a better fit between my skills and my field of study.<br><br>I believe my later performance is more representative of my academic potential. The early weakness in my transcript came from an initial major mismatch and adjustment period, while my later record demonstrates growth, resilience, and readiness for graduate-level study in analytics, data modeling, and quantitative work. |
| **Describe your academic/professional motivation for applying to this M.S. program. Draw upon your past and present work and academic experiences as well as aspirations and goals for the future.** | My motivation for applying to the Online MS in Analytics program comes from interaction of my academic background Computer Science, and software engineering experience, and long-term goal of moving to data engineering and quantitative analytics<br><br>My academic path was not perfectly linear, I initially enter college as an Architecture major, but I later realized that my strengths and interests were much better aligned with technical and quantitative fields. After transitioning toward Engineering and then Computer Science, my academic performance improved significantly. I became more engaged with programming, data structures, machine learning, and other analytical coursework. This experience helped me understand that I perform best when I am using programming, logics, and quantitative |

# Online Master of Science in Analytics

| | |
|---|---|
| | computation<br><br>Professionally, my background has been centered on software engineering and building practical systems. I have worked on full-stack applications, backend services, databases, cloud deployment, and quant applications.<br><br>I am applying to Georgia Tech's MS in Analytics because I want formal training in the areas that connect my current background to my future goals: statistics, machine learning, optimization, data mining, and computational modeling. Although I have experience building software systems, I want to deepen my ability to analyze data, build quantitative models, and use evidence-based methods to support decision.<br><br>My long-term goal is to become a quantitative analyst, and quantitative developer in the investment industry. I hope to apply software engineering, statistical modeling, machine learning,  and analytics to areas such as risk analysis, forecasting, and investment-related decision-making. The OMS Analytics program would help me strengthen the quant foundation and analytical mindset needed for that transition while allowing me to continue building professional experience. I see this program as an important step toward becoming a technically strong, data-driven engineer who can bridge software engineering and quantitative decision-making. |
