Statement on AI

AI-powered assistance tools (like ChatGPT, Copilot, Gemini, and others) are powerful and valuable tools. We believe there is a place for them in helping you generate ideas, but your ultimate submission should be your own. As with all other sources, you should not copy and paste content you did not create directly into your application. Instead, if you choose to utilize AI-based assistance while working on your writing submissions for Georgia Tech, we encourage you to take the same approach you would when collaborating with people. Use it to brainstorm, edit, and refine your ideas. We think AI could be a helpful collaborator, particularly when you do not have access to other assistance to help you complete your application. We believe that this approach aligns with the Rules and Regulations of Georgia Tech's Academic Honor Code.

Certification of Authenticity

I certify that the information I provide in this application is true, complete, and my own. I understand that omission, misrepresentation, or anything not directly written by me and lacking proper citation may result in the automatic rejection of my application to the Georgia Institute of Technology. I further understand that the submission of fraudulent documents—including but not limited to academic documents, test scores, or government-issued identification—will result in the immediate denial of my application and a permanent bar from applying to Georgia Tech in the future. If admitted, I agree to abide by the Rules and Regulations of the Academic Honor Code.

State University of New York at Buffalo

*Upon the recommendation of the faculty of the State University
of New York at Buffalo, the Trustees of the State University of New York
have conferred on*

Hon Qing Li

the degree of

**Bachelor of Science
Computer Science
*Cum Laude***

*with all the rights, privileges, honors, and responsibilities thereto appertaining,
and as evidence thereof have granted this diploma in Buffalo, New York on the
first day of February, in the year two thousand and twenty-two.*

Cheryl H. Lisch
Chairman of the Board of Trustees of the
State University of New York

Satish K. Tripathi
President of the State University
of New York at Buffalo

Interim Chancellor,
State University of New York

Satish K. Tripathi
President of the State University
of New York at Buffalo

646-589-2769 | honspaceching@gmail.com | linkedin.com/in/hon-ching-li-a5b879130
U.S. Citizen | Active DoD Secret Clearance

EDUCATION

University at Buffalo, State University of New York	02/2022 – 02/2024
Master of Science in Computer Science	Buffalo, NY
University at Buffalo, State University of New York	08/2018 – 02/2022
Bachelor of Science in Computer Science	Buffalo, NY

CERTIFICATIONS / CLEARANCE

CompTIA Security+ CE Certification (SEC+)	2026
U.S. DoD Security Clearance: Secret	Active

TECHNICAL SKILLS

Languages: Java, Python, JavaScript/TypeScript, SQL, C++
Frameworks/Platforms: Spring Boot, Node.js, React, React Native, Flask, AWS, Docker
Core/Tools: REST APIs, Object-Oriented Programming, Microservices, Troubleshooting, Technical Documentation, Agile/Scrum, Git, Postman, Linux

EXPERIENCE

First Quality Pharmacy, Inc.	02/2025 – Present
Co-Founder & Systems Lead	
- Set up a router-managed local area network and integrated payment and printing workflows to support reliable daily transaction processing and on-site business operations. - Built an internal Web + Database income/expense tracking system to structure business records, reduce scattered manual tracking, and improve visibility into financial activity. - Translated small-business operational needs into practical technical infrastructure, combining local networking, connected devices, payment workflows, and data tracking into repeatable operating systems.	
United States Army	06/2025 – Present
Army Reserve Soldier, 25H Network Communication Systems Specialist	
- Operate and maintain radio/transport and communication network systems supporting voice and data services, including equipment setup, connectivity verification, and service continuity. - Apply routing and switching fundamentals, IP addressing concepts, and structured troubleshooting methods to assist with network changes, fault isolation, and service restoration. - Use technical manuals, signal-flow diagrams, and diagnostic procedures to identify issues, isolate faults, and restore communications availability.	

PROJECTS

Pixel Art Converter (iOS) React Native, Node.js, Spring Boot, AWS, Docker
- Developed and launched a production iOS application that converts user-submitted images into pixel art, driving 2,000+ downloads on the App Store. App Store: https://apps.apple.com/us/app/pixel-art-converter/id6742040975 - Containerized the Node.js image-processing API and Spring Boot authentication service with Docker and deployed them on AWS ECS, improving portability, deployment consistency, and production reliability. - Implemented JWT authentication and premium-access validation across client and backend workflows, improving application reliability and enabling secure, stable end-to-end access control for paid features.
AI-Based Emotion Detection Web Application Python, Flask, REST API, unittest, pylint
- Built a Python backend service that integrated with a Watson NLP API to analyze text input and return structured emotion scores with dominant emotion classification. - Implemented JSON parsing and transformation logic to extract emotion scores from nested API responses and standardize backend output. - Exposed the service through Flask routes, implemented invalid-input handling to prevent runtime failures, and achieved 10/10 pylint compliance under PEP 8 guidelines.

Form Title	Online Masters Degree in Computer Science
I affirm that I have read the information above, including the "our guidelines" URL.Once you have confirmed below by checking Yes, the rest of the questions will appear.	Yes
	No
Do you intend to participate in the process? By answering "yes," you affirm that you have read the thoroughly, have followed the precisely, and, in particular, have ensured that you have uploaded scans of official transcripts.	
Priority Decisioninstr	
How did you learn about Georgia Tech's Master of Science in Computer Science - Online program?	Family or friends
Objectives	
Have you ever enrolled in any undergraduate OR graduate course at Georgia Tech?	No
EXCEPT for the OMSCS program, have you ever applied to a Georgia Tech graduate program?	No
	No
Have you ever previously applied to the Georgia Tech OMSCS program?	
Briefly describe your eventual . (e.g., University Professor, Industry Researcher, etc.).career objective	My career objectice is to specialize in AI and ML, and applying AI techniques to financial technology and quant application
Describe your academic experience.CS-related	MS in Computer Science from the University at Buffalo; TA for graduate level Computer Architecture. Coursework and projects in algorithms, systems, full-stack development, databases, cloud, and AI/ML.
List any minors (or equivalent ACADEMIC certificates) earned with your academic degree. Do NOT list ANY courses or MOOCs or certificates that do NOT show on an academic transcript! Enter "None" if none.CS-related	None

Online Masters Degree in Computer Science

Do you have an undergraduate or graduate Computer Science, Computer Engineering, or Electrical Engineering degree?

Yes

Describe your internships, if any.CS-related

At Kaleida Health, I worked on healthcare web applications using React, TypeScript, Node.js, and MongoDB. I helped build patient/provider data management features, implemented search and filtering with pagination, integrated REST APIs, and improved responsive UI components. This experience strengthened my full-stack development, database design, and software engineering skills.

Describe your post-undergraduate degree work experience.CS-related

First Quality Pharm Inc, Set up a router-managed local area network and integrated payment and printing workflows to support reliable daily transaction processing and on-site business operations. Translated small-business operational needs into practical technical infrastructure.

M.S. Computer Science, B.S. Computer Science.

Academic credentials: List ALL your earned degrees and any minors, regardless of major, at all levels. E.g., "B.S. Space Science with Math minor, Ph.D. Computer Science."

Explain in ONE sentence your purpose in studying in the OMSCS program.

To deepen my expertise in artificial intelligence, machine learning, and scalable computing systems through rigorous graduate-level CS study

Explain in ONE sentence how the OMSCS degree will benefit YOU.

The OMSCS degree will strengthen my AI and systems knowledge, helping me build more reliable, scalable, and intelligent software products

Explain succinctly why your academic credentials and your CS-related experiences have prepared you for rigorous, graduate-level academic CS work.

My M.S. in Computer Science, graduate-level Computer Architecture TA experience, and hands-on projects in backend systems, cloud deployment, full-stack development, and AI/ML have prepared me with the academic foundation and engineering discipline needed to succeed in rigorous graduate-level CS coursework.

A "poor" GPA for a single institution is defined as less than a U.S. institution's 3.0/4.0 (or analogous equivalent for a non-U.S. institution) for courses taken ONLY at that institution (i.e., transfer course grades do not count for that institution's GP

No

Q1: Do your transcripts show

Yes

the conferral dates for the degrees that you have earned so far? "A diploma is NOT an acceptable substitute for a transcript showing the date of conferral!

Q2: If your degree is in progress, is the date of the submitted transcript within 30 days of the date of the application? Yes

Q3: Did you submit a transcript for institution attended for academic credit, even if you didn't complete a degree there?EVERY Yes

Q4: If you attended GTech, did you submit a current GT transcript? Not Applicable

Q5: Did you list your GPA in your academic history? Does your Resume reflect your GPA? (If your institution doesn't have a GPA system, did you report something similar?)ACCURATELYACCURATELY Yes

Q6: Do the transcript(s) show course TITLES, grades received, and when taken (course codes alone are not substitutes for course titles)? Yes

Q7: Did you discuss your experience starting with your undergraduate career? Did you hobbies, personal interests, or other areas of your life irrelevant to CS?CS-relatedONLYleave out Yes

Q8: Did you ask ONLY professors and/or work supervisors who have DIRECT, SPECIFIC knowledge of your CS capabilities to write reference letters? Did you exclude work peers, current or former classmates, spouses, in-laws, siblings (twins or otherwise!), pare Yes

Interest Survey

Online Masters Degree in Computer Science

Which of the following sentences do you feel best describes the reason you are interested in enrolling in the OMSCS program now as opposed to in previous years? If none of these apply, feel free to enter your own explanation. You will have the chance to li

Which of the following sentences do you feel is about why you are interested in enrolling now as opposed to in previous years? (Select all that apply)also true

I did not previously have the time available to commit to taking classes in the program, but now I feel like I have enough time available.

I feel that with the recent advances in artificial intelligence, I now have the support and resources necessary to succeed where I would have struggled otherwise.
